Nissan NV200 gearbox added to Ivor Searle range

Five-speed unit covers the 1.5 litre dCi diesel

Mike Ruff, GW editor December 13, 2021 Comments Closed 0 likes

Remanufacturer Ivor Searle has added the manual transmission for the Nissan NV200 compact van to its extensive all-makes range of gearboxes for cars and LCVs.

The five-speed unit covers the 1.5 litre dCi diesel derivative of the popular NV200 built in Barcelona for the European market from 2011 – 2016.

Ivor Searle's remanufactured gearbox programme covers around 90% of the UK's vehicle parc and cost up to 40% less than OE.

For peace of mind, all Ivor Searle gearboxes are covered by a 12-month unlimited mileage parts and labour warranty.

Ivor Searle also offers free next day UK mainland delivery for stock items ordered before 3.30pm.
