

# NEW ADDITIONS BOLSTER IVOR SEARLE ENGINE RANGE

**K**eeping up-to-date with the latest automotive trends and technology has become essential for independent workshops looking to sustain and grow their business in today's competitive servicing, maintenance and repair market.

With this in mind, leading engine remanufacturer Ivor Searle, constantly monitors demand for specific engine types and new introductions to ensure its extensive range is always current to help garages to secure business when it comes to replacing major units.

Costing up to 40% less than OE, Ivor Searle's all makes range of remanufactured petrol and diesel engines for cars and light commercial vehicles aims to reflect the latest trends in the UK's vehicle parc, helping

workshops to compete without compromising on quality, warranty protection or customer service.

Although it is more economical to source a remanufactured product, quality is key when

choosing a supplier, as the process of remanufacturing an engine or component back to OEM standard is complex and demands significant investment, in-depth technical expertise and rigorous inspection

procedures. Every Ivor Searle remanufactured engine conforms to BSI AU 257:2002, the British Standard Automobile Series Code of Practice that applies to the remanufacturing of internal combustion engines. For peace of mind, all Ivor Searle engines are covered by a 12-month unlimited mileage parts and labour warranty. In addition, Ivor Searle holds comprehensive stocks to ensure first class customer service and minimum vehicle downtime and also provides free next day UK mainland delivery for stock items ordered before 3.30pm. Ivor Searle has an extensive distributor network across Scotland, so no matter where you are, you're never far away from a quality Ivor Searle product.
