

Fast-turnaround professional DPF cleaning from Ivor Searle

Ivor Searle, the UK's leading remanufacturer of automotive products, offers a fast turnaround off-vehicle diesel particulate filter (DPF) cleaning service for cars and vans.

Alongside free collection and delivery, the professional DPF cleaning service includes a detailed inspection report, plus a 12-month no quibble

unlimited mileage warranty.

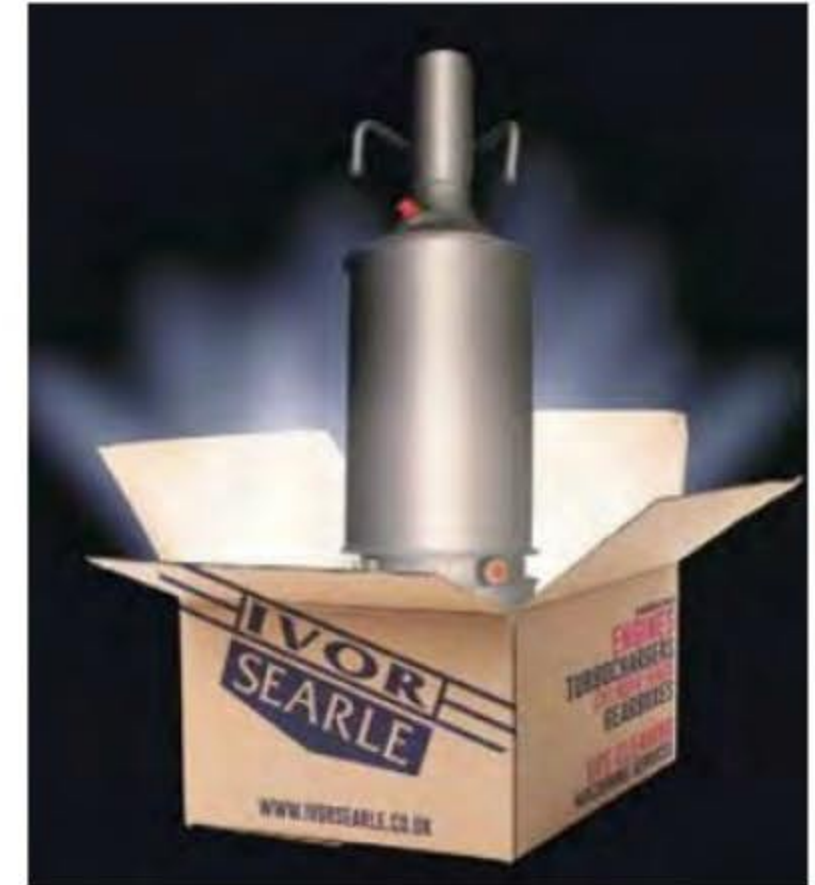

Utilising state-of-the-art flash cleaning technology, Ivor Searle DPF cleaning provides as-new levels of cleanliness by removing all soot deposits, including PM10 particles, cerium oxide deposits and oil residues, from the DPF.

Unlike chemical-based cleaning processes, which

only remove soot, flash cleaning eliminates both soot and ash deposits.

This returns a DPF back to OE levels of performance at a much lower cost than purchasing a new OEM unit or risking fitment problems that may occur with a generic replacement.

To find out more about Ivor Searle's fast turnaround off-

vehicle DPF cleaning service call the Ivor Searle sales team on 01353 720531 or visit our website.
